# SUPER-WIDE FIELD OF VIEW FOR SMALL SPACES.

## Logitech MeetUp

Logitech® MeetUp is a premier ConferenceCam designed for small conference rooms and huddle rooms. With a room capturing, super-wide 120° field of view, MeetUp makes every seat at the table clearly visible. A low-distortion Logitech-engineered lens, Ultra HD 4K optics, and three camera presets deliver

remarkable video quality and further enhance face-to-face collaboration. MeetUp's integrated audio is optimized for huddle room acoustics and delivers an exceptional sound experience. Three horizontally-aimed beamforming mics and a custom-tuned speaker help ensure your meetings sound as great as they look.

With a compact all-in-one design that minimizes cable clutter, MeetUp is USB plug-and-play and simply works right out of the box with any video conferencing software application and cloud service—including the ones you already use.

## FEATURES & BENEFITS

### Super-wide 120° field of view

Allows everyone in the room to be seen, even those close to the camera or seated at the edges of the room.

### Ultra HD 4K image sensor

Supports multiple resolutions, including 4K (Ultra HD)<sup>1</sup> 1080p (Full HD) and 720p (HD) to best support the quality offered by your application and monitor.

### Razor-sharp optics

Advanced Logitech lens technology delivers remarkable video quality with superb resolution, speed, fluidity, color balance, and detail.

### 3-microphones and custom-tuned speaker

Three broadside beamforming, omni-directional microphones with noise and echo cancellation—plus a custom-tuned speaker—are specifically optimized for small conference rooms.

### Motorized pan/tilt

Expand your field of view even further—up to 170°—to pan to the white board or view other areas of interest.

### All-in-one design

Compact all-in-one form factor takes up less space and minimizes cable clutter.

### 5x HD zoom

Zero in on close-ups of objects and whiteboard content with outstanding detail and clarity.

### 3 camera presets

Select up to three preset locations for the camera view and return to any of them with the push of a button on the remote control.

### Bluetooth® wireless technology

Connect to a Bluetooth device for great-sounding audio calls.

### Expansion microphone-ready

Optional expansion microphone increases the audio range from 8' (2.4m) to 12' (3.7m).

### Multiple mounting options

Freedom to mount MeetUp wherever it works best—tabletop, wall, or monitor—for the best possible huddle room experience.

### RF remote control

Easily operate camera pan/tilt/zoom functions during meetings, no line of sight needed.

### Plug-and-play USB connectivity

Easily connects to PC, Mac® and Chrome™ devices with no additional software required.

### Kensington® security slot

A Kensington security slot secures the equipment with an anti-theft lock.

### Works with most video conferencing applications

Compatible with virtually any video conferencing software app, including the ones you already use.

## PRODUCT SPECIFICATIONS
